“Le Réseau santé social” completes its “Pack Santé PRO ADSL”, with an online solution for electronic reimbursement form.

Paris, November 8th, 2010: From January 1st 2011, the French National Health Insurance will require a special tax to Health Professionals for each invoice produced outside the electronic reimbursement form process. “Le Réseau santé social” completes its Internet online services with e-Vitale, the solution for electronic reimbursement form allowing an immediate start and reduce costs.

While a special tax will be required to Health Professionals who do not use electronic reimbursement form, “le Réseau santé social” adds e-Vitale to its ADSL PRO connection, “Pack Santé PRO ADSL”. e-Vitale is a fully Internet online solution, to create, secure, send and manage electronic reimbursement form very easily and at low cost. e-Vitale interface is accessible from any computer connected to the Internet, via “le Réseau social santé” web portal.

With both e-Vitale and its service ADSL PRO “Pack Santé PRO ADSL”, “le Réseau santé social” provides a SAAS solution for Health Professionals who wish to use electronic reimbursement form quickly and easily.

Fully online, e-Vitale is accessible from any computer in the office, at home or travelling via any ADSL Internet connection. « With e-Vitale, “le Réseau santé social” carry on its online strategy. All our services are accessible from “le Réseau santé social” web portal. A simple ADSL Internet connection is enough », said Franck Frayer, General Manager of “le Réseau santé social”.

- e-Vitale is included in the service ADSL PRO “Pack Santé PRO ADSL”. This pack provides to Health Professionals a solution with all the professionals services from 39,95 €/month: online electronic reimbursement form, ADSL Internet connection, VoIP service, Internet security, secured medical messaging. The costs are controlled.
- e-Vitale is hosted on “le Réseau santé social” secured hosting platforms. Maintenance, backups, regulatory updates of pricing changes and new features are done automatically, without user intervention.
- According to SESAM-Vitale specifications, e-Vitale is 1.40 recognized by the CNDA and is PC/MAC compatible.
